252 GEOGRAPHIC DISTRIBUTION

Amphibians and Reptiles of Indiana. Indiana Academy of Science, Indianapolis, Indiana. 404 pp.)

SARBETH KLUHE-MUNDY (e-mail: skluhe-mundy@dnr.IN.gov), JASON MIRTL, and CAROLYN STRAIGHT, Wildlife Science Unit, Indiana Department of Natural Resources, Division of Fish and Wildlife, 5596 East State Road 46, Bloomington, Indiana 47401, USA; HAROLD ALLISON, 6350 South 100 East, Washington, Indiana 47501, USA.

STEVEN M. ROBLE, Virginia Department of Conservation and Recreation, Division of Natural Heritage, 600 E. Main Street, Richmond, Virginia 23219, USA.

DEIROCHELYS RETICULARIA (Chicken Turtle). USA: ARKANSAS: MILLER CO.: ca. 25 km E of Texarkana on US Hwy 82 (33 41'21"N; 93 77'33"W; WGS 84), 69.5 m elev. 13 March 2016. Kellin Sartor. Verified by Stan Trauth. Henderson State University Collection of Vertebrates (HSU 1898, photo voucher). New county record is about 120 km SW of nearest site in Arkansas (Trauth et al. 2004. The Amphibians and Reptiles of Arkansas. University of Arkansas Press, Fayetteville, Arkansas. 421 pp.), 100 km from the nearest recording in Oklahoma (Web 1970. Reptiles of Oklahoma. University of Oklahoma Press, Norman, Oklahoma. 370 pp.), and 110 km from the nearest recording in Louisana (Dundee and Rossman 1989. The Amphibians and Reptiles of Louisana. Louisiana State University Press, Baton Rouge, Louisiana. 300 pp.). This also is the first record from the Red River drainage in Arkansas. Individual (carapace length = 140 mm) was found on the side of the highway in an agricultural area which included roadside ditches and temporary pools near the roadside edge of a corn field. Specimen photographed under an Arkansas Game and Fish Commission collecting permit issued to Renn Tumilson.

KELLIN SARTOR (e-mail: kellinjs1994@yahoo.com) and RENN TUMILSON, Department of Biology, Henderson State University, Arkadelphia, Arkansas 71901, USA; e-mail: tumilson@hsu.edu.

STEVEN M. ROBLE, Virginia Department of Conservation and Recreation, Division of Natural Heritage, 600 E. Main Street, Richmond, Virginia 23219, USA.

PETER V. LINDEMAN, Department of Biology and Health Services, 126 Cooper Hall, Edinboro University of Pennsylvania, Edinboro, Pennsylvania 16444, USA; e-mail: plindeman@edinboro.edu.

OKLAHOMA: KIOWA AND WASHITA COS.: Washita River (county line), Hwy. 115 bridge north of Mountain View (35 11'24"N; 98 74'47"W; WGS 84). 11 August 2015. UF 176819 (photo voucher).

All specimens observed by Peter V. Lindeman and verified by G. Geller. New county records which extend the range of the species in the Spring River ca. 24 river km northeast and upstream of the previous most upstream voucher record, in Cherokee County, Kansas (Lindeman 2013. The Map Turtle and Sawback Atlas: Ecology, Evolution, Distribution, and Conservation. Univ.
